

# CONGRATULATIONS on your retirement!

As a new retiree, your continued support of United Way will have a lasting impact on the next generation!

“ I remember my Dad volunteering with the Stratford United Appeal. The name has changed, but as a volunteer myself I know the heart of United Way stays the same because people want to help make a difference locally. Now, my niece is involved. She applied for a United Way Youth in Action Grant and I was so proud. Thanks Dad for starting it all. I am honoured to be ‘in the middle’ of such an inspiring family! ”
